

Hydrapower Systems Ltd: Privacy Policy

Hydrapower Systems Ltd understands your privacy is important. This privacy policy covers Hydrapower Systems Ltd in the collection of your information when you access the Hydrapower website, or any time you interact with Hydrapower Systems Ltd.

By using our website you are agreeing to allow Hydrapower Systems Ltd to collect, store, and use your information as described below.

This policy is effective from 1st May 2020.

The information we may collect

In order to deliver the most effective service, we may collect certain personal information from you, including:

- Contact information
- Location
- Interactions with us
- Data around your behaviour on the Hydrapower website
- Information about the computer you are browsing on
- Cookies (see the Cookies policy below)

We may collect your personal information in order to understand how you engage with our website content, get in touch with you when you make an enquiry, or provide you with future information about Hydrapower Systems Ltd.

If you choose not to provide your contact details to us, we will be unable to respond to any of your messages. If you choose not to allow us to store cookies, we will be unable to understand which website content you find useful, which means we will not be able to deliver the optimal experience to you.

We keep your information safe by storing it in private, secure systems and do not share or pass on information to any third parties.

Cookies policy

What are cookies?

As is common practice with almost all professional websites this site uses cookies, which are tiny files that are downloaded to your computer, to improve your experience. This page describes what information they gather, how we use it and why we sometimes need to store these cookies. We will also share how you can prevent these cookies from being stored however this may downgrade or 'break' certain elements of the sites functionality.

How we use cookies

We may use cookies for a variety of reasons detailed below. Unfortunately in most cases there are no industry standard options for disabling cookies without completely disabling the functionality and features they add to this site. It is recommended that you leave on all cookies if you are not sure whether you need them or not in case they are used to provide a service that you use.

Disabling cookies

You can prevent the setting of cookies by adjusting the settings on your browser. Be aware that disabling cookies will affect the functionality of this and many other websites that you visit. Disabling cookies will usually result in also disabling certain functionality and features of this site. Therefore it is recommended that you do not disable cookies.

The cookies we set

Forms related cookies

When you submit data to through a form such as those found on contact pages or comment forms cookies may be set to remember your user details for future correspondence.

Third party cookies

In some special cases we also use cookies provided by trusted third parties. These are generally used to give us a better understanding on how our site is used and are only used for our information and will not be passed on or shared without your express permission.
